

We have had multiple reports of customers getting calls from a “Representative” at “Microsoft”, “Google”, “Amazon”, etc where access is given to our customer’s computer. When this happens software is downloaded onto the computer that tracks keystrokes. The scammer now has access to your online banking log in information.

DO NOT GIVE ACCESS TO YOUR COMPUTER TO ANYONE YOU DO NOT KNOW! NEVER PAY FOR SERVICES IN GIFT CARDS! DO NOT GIVE OUT YOUR ONLINE BANKING OR ACCOUNT INFORMATION TO ANYONE YOU DO NOT KNOW!
