

# Travel Tips to Remember

- Carry as little cash as possible; use debit and credit cards, travel cards, or traveler's checks whenever possible.
- Use discretion when posting information online. Keep social media pages private.
- Dress conservatively, wearing only a minimum of jewelry.
- Don't carry an expensive camera on a strap around your neck.
- Password protect your devices.
- Make sure your devices have latest updates installed.
- Use security software.
- Don't plug USB cables and storage devices into public stations.
- Avoid walking anywhere alone whenever possible.
- Avoid high-risk areas.
- Know the law. Different countries have different laws that may allow government employees or law enforcement full access to your device without your knowledge or permission.
- Never get into an unmarked taxi.
- Never leave money, cameras, computers, or other valuables in a hotel room.
